CONCERT MAKEUP ASSIGNMENT

You have received this paper because you had an absence from a required concert. To earn the points you missed for this concert, you must now complete the following assignment. If you do not complete this assignment, you will receive an incomplete. If it is determined that you did your best, then you can earn up to all the points, and it will replace your concert grade.

Assignment:

A student in a performance field is graded by their performances. Since you have missed a public performance the only true way to make up for that is to perform for the band director music from that missed performance. Take a video of yourself performing YOUR instrumental part from each of the songs your ensemble performed in the missed concert. You can do this using a video recorder, video camera, or your phone. You can email the recording to me, bring it to the band office on a flash drive, or upload it to Youtube.com. All videos can be deleted as soon as a grade is given. You may also schedule a make-up time with Mrs. Seeger to perform your pieces.

What do I turn in?

A video on flash drive, email, cell phone, or YouTube of the student performing their instrumental line of the music of their ensemble from the missed concert.

How long does it have to be?

There is no required length to this assignment because the music from concert to concert ranges in length. **If it is of high quality and the student does his or her best on the band literature all points can be received.** Again, this should show thought and to the best of your ability.

Next time remember, we would rather see you at the concert!

You have **TWO WEEKS** to complete this assignment or the end of the grading period – whichever comes first.
